(54) Title: SHIELDING CAGE

(57) Abstract: The invention relates to a shielding cage (8) determined by a plurality of walls (9) and comprising one or more mounting tails (13;17) for mounting the shielding cage (8) to a circuit board (5). The shielding cage (8) is a die-cast shielding cage (8) and the mounting tails (13;17) are integrated mounting tails (13;17) of the die-cast shielding cage (8). Preferably the mounting tails (13;17) are flexible mounting tails (13;17) to provide relief for temperature induced forces.
